

Firebrick Church Was Dedicated

The beautiful new Methodist Episcopal church at Firebrick, situated in Lawrence county, was dedicated Sunday, October 11, 1914. Dr. J. L. Magee, district superintendent, officiating.

The structure is a frame, twenty-four by forty-eight feet, and cost \$1500. The people are justly proud of their new house of worship. The call for funds sufficient to meet all obligations was met by most generous response, and four hundred and sixty-five dollars were pledged, which will meet all indebtedness.

Seven years ago, Rev. E. O. Hobbs organized a class of eight persons at Spencer school house. The organization now numbers thirty members and has a Sunday school membership of sixty.

Much credit is due the faithful pastor, Rev. Samuel C. Elsen, of South Webster, members of the church and friends, for the success of the enterprise.

What is needed is a means of getting the nourishment that the body needs. The body needs food, and food is the only way to get it. The body needs food that is easy to digest and that is rich in nourishment. The body needs food that is pure and that is free from all impurities.

Damage Suit Being Heard

In common pleas court Thursday morning, Judge Thomas presiding, the case of Henry Wadell against Thomas Edward Basham, a suit for \$1000 damages, was begun before a jury.

Wadell claims to have been damaged to that extent in falling into a four foot excavation alleged to have been left unguarded on the east side of Jackson street in Sciotoville, on December 23rd last, in front of the property owned by the defendant. He alleges he sustained three fractured ribs, a bad cut on the left hand, and numerous other bruises of a serious nature.

Basham's defense is that the plaintiff's accident was due to his own negligence, and not any carelessness on the part of the defendant. Wadell is represented by Attorney N. B. Gilliland, while Mark A. Crawford is Basham's attorney. The trustees of Parkway township were made party defendants in the suit at the time it was filed, but they were dismissed at the opening of the hearing Thursday morning.

Fear Scioto Will Catch Corn Crop

Bottom land farmers began worrying Thursday about the sudden and rather sharp rise in the Scioto river caused by the incessant rains of the past 48 hours. The rainfall since Wednesday amounted to 1.70, which is the heaviest recorded here in many months.

From reports received here Thursday the rain has been general throughout the Ohio valley.

A stage of 24 feet in the Scioto inundates much of the lowland and apprehension is felt on the part of the farmers that sufficient rain has fallen to cause the Scioto to reach this stage. A number of corn growers are already at work hauling corn out of extremely low sections. The Scioto is not expected to reach the higher spots.

There was no let up in the downpours Thursday, rain falling every minute of the day.

THE POLITICAL POT

Heavy rains during the past two state elections have played havoc with the well laid plans of the different campaign managers, political and otherwise, and gloom about the various headquarters in the Masonic Temple is so thick that it could be cut with a knife.

Several meetings have had to be called off, while those that were held were sparsely attended, requiring all the enthusiasm the speakers could demand to enable them to speak to empty seats and all out-of-doors. The meetings held by Mrs. Lulu Shepard and James E. Meeker in this city were the only ones during the week that were well attended, and the prominence and personal following of the two speakers were largely responsible for that.

At last, it is a difficult task to arouse the common people to the thought that their duty lies in listening to the lengthy harangues of political orators and paid reformers, but with weather conditions unfavorable, it is well nigh impossible, as the building Scotch county orators can abundantly testify.

So far as is advised by the common farmer, however, who daily is pulled upon to meet a half dozen or more of the men who are hatching for office in Scotch county this fall. Every morning, before the majority of the population is out of bed, the different candidates can be seen starting out in the cool gray dawn for the rural districts, intent upon convincing the voters of a particular section that the salvation of the county depends upon his selection for the particular office to which he aspires. When it is remembered that practically all of the candidates of both parties are engaged in this form of personal work, some idea may be had of the number of times each voter is required to go through the same program.

And then, if the farmer or rural voter finds it necessary to come to town Saturday to attend to business matters at the county seat, he can not pass through the section between the Masonic Temple and the Play House without being hounded by a horde of candidates who take their stations in that locality early Saturday morning and remain there for the balance of the day.

The fact remains, as the candidates will find out the day after election, that the voters, weary of reading the newspapers and of forming their opinions of the qualifications of the candidates from past performances rather than from golden promises which oftentimes, like promises, are made to be broken.

Tomorrow, Scotch county will have another taste of the new form of political campaigning, when Attorney General Hogan, accompanied by a number of Democratic candidates, and a number of Republican ones, will make a sweep over the eastern part of the county, in attendance at the order meeting at Lucasville, Harrisonville, Steubenville, Wheelersburg, and New Boston, and elsewhere, and will be returning to the city with a great number of "chick" auditions.

Speeches will be given at each stopping place by Attorney General Hogan and Hon. W. A. Inman, and will be followed by a number of addresses by the various candidates, who will be accompanied by a number of "chick" auditions.

Heavy rains during the past two state elections have played havoc with the well laid plans of the different campaign managers, political and otherwise, and gloom about the various headquarters in the Masonic Temple is so thick that it could be cut with a knife.

The only other Democratic meeting of the week is the one at Onaway next Saturday night, which will be addressed by Hon. W. A. Inman and H. Stanley Meeker, the latter a candidate for prosecuting attorney. Other candidates will accompany them.

Arrangements are being made by the executive committee for the Democratic meeting at "The Club" and program on Fourth street next Wednesday evening, which will be addressed by Hon. Newton Baker, mayor of Cleveland, and one of the most widely known public officials in the entire state. Mayor Baker is an ardent supporter of the administration of President Wilson and Governor Cox, and his coming is expected to add materially to the strength of the ticket in Scotch county. An effort will be made to have a large number of the voters from the rural districts in to hear him.

The Republican county executive committee have been compelled to call off two meetings this week on account of unfavorable weather, the one at Buena Vista Tuesday evening, and the meeting at Onaway Wednesday evening. The committee realized the utter futility of trying to stage a meeting under such conditions, and is saving the ammunition for those places for a later and fairer day.

Preparations are going right ahead at Republican headquarters for the Warren G. Harding meeting at "The Club" auditorium on the evening of October 24th, and it is hoped to greet the Republican candidate for United States Senator with a crowded house. Ed Cunningham, in charge of Republican headquarters, and his assistants were busy all day Thursday mailing out bills and advertising matter for the meeting, which will probably be the biggest of the campaign in this county.

Republican orators will hold forth Thursday evening at Rocky Ford, where Joseph T. Micklethwait, candidate for prosecuting attorney, W. R. Spangue, candidate for state representative, and Samuel D. Eckhart, candidate for county auditor, will speak. They will be accompanied by other candidates, the entire party making the trip in automobiles.

Meetings will be held Friday and Saturday evenings at Sedan and McDemott, respectively.

William J. Gimes, manager of the campaign in Scotch county for the Home Rule amendment, started advertising extensively Thursday morning at the foot of Robinson avenue and Onaway street Sunday afternoon, which will be addressed by Dr. W. T. Watson, Republican member from Long Island Sound, N. Y. Dr. Watson has been a formidable opponent of prohibition for several years, and has spoken at the local county convention. The local Republican committee feel that it was a poor closing the day's campaign, and are planning to have Dr. Watson included in the array of "chick" auditions who will be heard here during the campaign.

Rep. Watson also participated Thursday evening in the meeting at Onaway, and will be heard at the meeting at Onaway next Tuesday evening. He was the first candidate to be heard at the meeting at Onaway next Tuesday evening.

Five meetings had been scheduled in different parts of the county.

The dry meetings Thursday evening include Madison township, W. D. Gilliland; Lynn, Rev. L. J. Hopper; Friendship, Rev. Walter Gilliland; Upper Dry Run, not assigned; Bear Creek, Rev. J. W. Dunning; Upper Dry Run, Rev. Hamilton.

Prof. J. H. Finney and his Princeton Singers will go just across the Pike county line Thursday evening to Stockdale, where they will conduct a dry meeting.

A number of the dry meetings scheduled in the rural districts this week had to be called off on account of rain.

New Boston Republicans came into the fold Wednesday night by organizing the New Boston Republican Club with headquarters in the Town Hall Building on Ohio avenue. The charter membership numbers fifteen.

Roy Coburn was named president, Andy Pitts, vice president, and Louis Nourse, secretary.

Addresses were delivered at those present last night by the following candidates: Sampson Eckhart, candidate for auditor, John W. Hall, candidate for clerk, and Henry Becker, candidate for recorder. Another meeting will be held Friday night when all the Republicans in New Boston are expected to attend. The following members enlisted in the club Wednesday night:

Roy H. Coburn, Andy Pitts, Louis Nourse, Dr. W. G. Cheney, W. H. Lewis, Lawrence Pritch, A. Crane, Albert Albridge, William Yost, William H. Jenkins, Marion Paul, C. E. Dixon, W. F. Harr Grant Dixon.

NOTED WOMAN TO SPEAK FOR WOMAN'S SUFFRAGE

The Ohio Woman Suffrage Association and sometimes, alone, sometimes with the help of police and city detectives, she has rescued them. Night after night she labors for these little victims of a brutal and cruel order. When she saves one she is very happy. Her work is made possible by a woman's society of the Ohio Woman Suffrage Association. The Ohio Woman Suffrage Association is a body of women who are responsible for the maintenance of the Ohio Woman Suffrage Association. Two or three years ago Miss Lyman became convinced that the women's cause would never be advanced until the women have the right to vote. Since then she has been working for the cause of woman's suffrage.

The Wise Man

Solomon has been given the gift for wisdom by all the 112 grows who needed such another. Such a man is worth studying.

Why was he so wise? Did he never do a foolish thing? Oh, yes. Solomon was human like the rest of us. He had his off-days and he tripped up now and then.

But why was he called wise? Because he was never fooled a second time by the same man or same thing.

There is some excuse for all our errors. There is no excuse for a repeat.

The first time you are off, it is a mistake. The second time you are off, it is a habit. The third time you are off, it is a sure enough your own fault.

GET THE POINT?

If you have been fooled in the shoe game you won't be again. You will buy Baker's shoes and have no regrets.

Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 75 cents a word each insertion—and the little ad is altogether likely to get for you what you want.

The Movies

Columbia Tomorrow

Henrietta Crossman makes her debut in motion pictures in "The Famous Players Production of 'The Unwelcome Mrs. Hatch.'"

The Famous Players Film company adds another brilliant star to its notable constellation of stage lights, in adding Henrietta Crossman to its gallery of Famous Players. This distinguished dramatic artist appears in "The Unwelcome Mrs. Hatch" at the Columbia tomorrow afternoon and evening.

"The Unwelcome Mrs. Hatch," the famous emotional drama by Mrs. Burton Harrison, analyzes and criticizes the little mistakes and misunderstandings that so often arise between husband and wife, and that eventually result in a widened and unbridgeable gap, and that only too often divides the trail forever.

The production is mounted with the utmost care, and the settings, details suggestions of emotion and dramatic intensity are wrought with a timely and appropriate attention that further extends the interest in the central characters and those who assist in their development.

Henrietta Crossman in "The Unwelcome Mrs. Hatch," is bound to impress and thrill motion picture audiences throughout the world.

Don't fail to see this great production at the Columbia tomorrow afternoon and night.

At The Brady

Manager Brady, of the Brady theatre, has secured the Korn Kernal pictures to be shown on the screen at his East End house Friday and Saturday. This will give the East Enders an opportunity to see these celebrated pictures, which have made a hit at the Exhibit theatre.

Trey O'Hearts at Brady's

Tonight, at Brady's Theatre, will be shown the first episode of "The Trey O'Hearts," the greatest serial story ever produced in motion pictures. The story is by Louis Joseph Vance, the author of "The Brass Bed," "The Deceitful Angel," "The Black Flag," "The Lone Wolf," and many others of the greatest stories ever written. For writing this story Mr. Vance received \$15,000.

If you were a girl and hated a man, what motive could make you try to kill your sister on his account? Try as you will you can't find the answer to this question unless you see the first installment of this event, serial to night. How would you break a man's nerve with a playing card? Semen Trine, in this story, sought his revenge, armed with a single playing card, the tray of hearts. He broke Alan Law's nerve and nearly wrecked the happiness of his own daughter. His other child, but you had better see the picture tonight.

There's an unusual situation, a human interest, a dramatic and unexpected twist and a thrill to every line of the story and every foot of the film. There have been other good novels and other good movie pictures, but so this and you will say that it was the greatest thing you ever read or have seen. Remember the first episode of this great serial will be shown tonight only at the Brady Theatre. Don't you dare to miss it.

"Frou Frou"

At Lyric Today

Augustin Daly's original version of the famous drama "Frou Frou" with James C. Chase and Maudie Pearly in the star roles is the big four reel show at the Lyric tonight. This picture is a masterpiece of excellent, impressive dramatic action from beginning to end and will be a real treat to all who have a good strong love story well acted. The Thankous company are the producers and that means it can't be anything but good.

Tomorrow the Lyric will show the first pictures of the actual war in Europe. Pictures that have been taken right on the battle fields of Belgium and France. These are the first genuine war pictures ever shown and will give a vivid conception of the horrors and suffering and terrible fighting that is going on between the German and allied armies.

Mary Pickford in "The Bishop's Carriage" will be shown again on next Monday. This fine picture has been asked for repeatedly and Manager Mack decided to bring it back for a day. New copies have been made so that it is sure to be in first class condition. The admission will be ten cents to all afternoon and evening. Next Tuesday the special Paramount feature will be Jack London's great story, "Burning Daylight" in six reels. Don't miss the wonderful Paramount pictures if you want to see the best pictures on earth.

A War-Proof Investment

Many kinds of bonds and securities have been affected by the European war and declined seriously in dividends and values.

There is fortunately one sort of investment that the general disarranged business conditions have not touched and that is a savings account in our bank. The principal is always adding to the value thereof.

Nothing is better than the wisdom of having a savings account as a war. It provides for the unforeseen that such contingencies bring, it gives you something to fall back on, an anchor in time of stress.

There is no more opportune time to start a savings account than right now. If you can make up your mind to put aside something regularly under present conditions you can put aside more when world wide conditions get back to normal.

We'll start you with as little as a dollar and compound interest thereon three times a year.

Clinton Saunders and Joseph G. Staggall were arraigned before Mayor J. S. Davis for trial Wednesday afternoon. Attorney Nels Gilliland represented Saunders while Staggall had Attorney Edgar Miller. Saunders and Staggall were arrested Tuesday morning for fighting. According to Saunders he took Staggall to task for alleged unbecoming conduct toward his wife in the mask parade last Saturday evening. Saunders pleaded guilty to a charge of disorderly conduct but Mayor Davis did not pass out a sentence, taking the case under advisement. Staggall was also dismissed until the mayor decides the case. The incident of Saturday evening does not come under Mayor Davis' jurisdiction as it took place in the city.

John Greens, Will Tammey, Will Anderson and Ezra Hoffman, arrested on Clifford Counts' statements that they furnished him with intoxicating liquor, were arraigned before Mayor Davis Tuesday evening at seven o'clock. Attorney Nels Gilliland represented the prisoners. It could not be proven that the four men had given him liquor and they were dismissed. Counts, during his testimony, named several others whom he said furnished him beer and whiskey and they will be brought in for a hearing.

The village Republicans held a meeting in their hall on Ohio avenue Wednesday evening. S. H. Eckhart, candidate for auditor, George Hill, candidate for commissioner, and Henry Becker, candidate for recorder, were present and made short talks. Relatives Worried About Ben Evans

The local relatives of Ben Evans, a Portsmouth vaudeville performer, who was in France at the outbreak of the European war, have heard no more from him and are fearing for his safety. Ben was in London, England, when last heard from. He wrote that he expected to engage pas-

WOMEN CAME OUT AHEAD IN THE FINAL CHAPTER AS USUAL

Several nights ago the River City band halted in front of John Raab's residence on Chillicothe street near Fourth and serenaded the aged citizen because he was the oldest John in the parade and because he celebrated his 90th birthday anniversary last week. Directly in front of the Raab home was the lunch stand of the First Baptist church.

Believing that the band was serenading them, the good ladies hurriedly filled a basket of assorted sandwiches and politely handed it to Drum Major Frank Pratt. He passed them around among the boys and they enjoyed them to the limit. It was not until Saturday that the First Baptist youth caretakers learned that the concert was intended for Mr. Raab. But the band came back on Saturday and serenaded the church women and whooped up things in good shape around their popular booth for almost half an hour.

EXHIBITED OLD WHEEL

One of the unusual exhibits on the government square was an old wheel belonging to J. M. Stockham. The wheel was used on an ox cart by the Mexicans to transport goods over the plains from Kansas City to the Rio Grande Valley, New Mexico, when Kansas City was the western terminus of the railroad. It took three months to make the trip. Not a nail or piece of metal of any kind was used in making the cart, the entire structure being of wood. Soft soap was used for lubricating the wheels.

FOREIGNERS ARE NOT SENDING MONEY AWAY

That local foreigners are saving their earnings rather than risk losing it by sending it back to their native countries, is shown in the decrease of post-office money-order receipts.

The other day a foreigner left his bank book on a desk at the post-office and it showed he had \$1200 on deposit and he is a common laborer. Another foreigner, who appeared at the money order window Wednesday morning, had down 10 seven-dollar tickets (total \$70) and was asked to have it first exchanged for American currency at some bank.

"GETS-IT," 2 Drops Corn Vanishes!

The Only Sure Ender of all Corns.

Indisputably, are you ever trying to get rid of corns? Quit using old formulas under new names, bandages, washings, tapes and cotton socks that make a fat little package out of your toe.

This is the Grip of the Happy Cornless Foot.

and punishing your feet by using toe-eating salves and ointments.

To use knives, files, saws and razors, slicing and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poisoning. The new way, the new principle never known before in corn history, is "GETS-IT". It's a liquid—2 drops on a corn does the work. Pain goes, the corn begins to shrivel and out it comes! You apply it in two seconds. Nothing to stick, nothing to hurt and it never fails.

Try "GETS-IT" tonight on corns, calluses, warts or bunions.

"GETS-IT" is sold by druggists everywhere, in a bottle, or sent direct by R. Lawrence & Co., Chicago.

SURVEYORS AT WORK

A gang of C. & O. surveyors arrived at Sciotoville Wednesday morning and are doing some work there for the Chesapeake and Ohio Northern Railway Company, which will soon bridge the Ohio at that point.

As soon as the Board of Army Engineers passes on the question of the length of the main pier of the bridge, active work on its construction will begin.

ASKS FOR SIDEWALK

Fugitive At Large

A full month has elapsed since Richard Gilliam was slain by his cousin, Tom Williams, and the murderer is still a fugitive from justice. Relatives of the murdered man are positive that Williams is in hiding somewhere in Elliott county, Ky., which is his native home.

PETE MISSED THE BIG SERIES GAMES

Pete Childs failed to see a world series game. There are two reasons why Pete failed to see a game, one is that Philadelphia failed to get back home because they lost four in a row and the second reason is that Pete overlooked the fact that Monday was a legal holiday with the banks because of Columbus Day. He was not able to draw his money out until Tuesday and by the time he had his wad of kale the Braves had the Athletics by the neck making them say "Pete". Mr. and Mrs. Pete Childs will spend the winter in Philadelphia. Childs expects to go into business in Quakertown. He will probably as a side line tell the Philly fans how the Athletics dropped four in a row.

GOT \$180 FOR JAIL STAY

The following of local interest is from the Cincinnati Enquirer: "Cora White, a young girl of Jackson, Ky., who according to government white slave agents, was taken from her home in Portsmouth, Ohio, by Joseph and Calla De Lara (nee Gabbard), and who since the arrest of the De Laras last April has been held in the Scioto county jail as a witness, was yesterday paid the witness fees accruing to her for each day she spent in jail. "An order to this effect was made yesterday afternoon by United States District Judge Hollister, who directed that as soon as Miss White testified before the grand jury she be released. She testified late yesterday afternoon, and when excused by that body was given a check for \$180, which represented the fees coming to her. Miss White was in jail from April 25, 1914."

PLAN FOR A BIGGER DISPLAY HALL AND A REVIEWING STAND

It is not likely that Display Hall used by the committee, we will need will be placed on the Gallia Square three times the space allotted to during the next Korn Karnival. "We have practically decided to double the size of the hall and to build it on a side street," said President Charles Daubler, Monday evening. Col. T. H. B. MRS. JAMISON ALLEGES EX-HUSBAND ANNOYS HER

John Jamison, of New Boston, who was arrested for the third time this year, was today in police court on a charge of annoying his wife. Jamison had been locked up on complaint of his former wife, Mrs. Elizabeth Jones, of Front street, who with one of their daughters appeared against him. He had again invaded their home and raised a disturbance Wednesday evening.

Jamison had been locked up on complaint of his former wife, Mrs. Elizabeth Jones, of Front street, who with one of their daughters appeared against him. He had again invaded their home and raised a disturbance Wednesday evening.

Mrs. Jones told how Jamison had made a practice of annoying her through the years, divorced, but he persisted in coming even to her bed room when she lay asleep all in the face of repeated warnings from the mayor and police—how he failed to keep up his support of the children and how she had remarried chiefly to save for herself individual protection and aid in raising the children, thinking it would also be for the benefit of Jamison's presence. Once she said they took to him and provided him with money to enable him to buy a new car, his work in selling dress patterns in Kentucky. Jones, she said, was now in the penitentiary, having developed a fever which was never cured from his first wife, a set of which she was unaware at the time of her marriage to him.

The mayor reminded Jamison of his past misconduct and said only respect for his gray hairs prevented him from sending him to the workhouse. He told him plainly he believed there was something wrong with him mentally and that he ought to be sent to the asylum for examination.

He fined him \$25 and costs and suspended the same pending good behavior, ordering him to remain away from his former wife's home entirely or something would be done with him to keep him away from good.

Mrs. Bertha Hamilton, who was arrested at the N. & W. depot on a disorderly charge, was fined \$10. Complaint had been made that she was annoying men, asking them for money and arranging clandestine meetings. This she denied, claiming she had gone to the depot merely to inquire the railroad fare from Cincinnati as she was thinking of sending for her daughter. She and husband Will Hamilton had come here only a day or two ago, he securing employment in a restaurant.

William Rhodes, of Kentucky, was fined \$5 for assaulting Jesse Hodge during a mixup in Earlytown a few nights ago.

Charles Saunders filed an affidavit Thursday against Charles Justice, manager of the Owen Cola plant, charging him with carrying a concealed weapon.

Saunders was discharged from the Owen Cola company's employ a few days ago as was his chief witness, a boy named Vernon Reilly and the mayor felt it was nothing more than a get-back proposition. He pointed out to Saunders the necessity of producing evidence to show that the other carried a weapon and prove that he was not justified in so doing.

A letter Saunders wrote to the main office at Huntington over Justice's head resulted in his discharge. The case was set for hearing Friday morning.

Officer Allen was detailed to investigate a complaint that a noisy dog belonging to a family at No. 1914 Grandview avenue disturbed the railroad men who are obliged to sleep in the day time.

John Mosely, a colored youth, appeared to the police officials Thursday to help him get 75 cents back from another negro with whom he had been boarding. He had eaten but 11 of the 21 meals contracted for at the rate of \$2.50 and when he visited the home Wednesday found it locked against him. Chief McCarthy is investigating.

AID THE KIDNEYS

Do not Endanger Life When a Portsmouth Citizen Shows You The Way To Avoid It

Why will people continue to suffer from the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why all at themselves to become chronic invalids, when a tested remedy is offered them?

Don's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Portsmouth testimony.

Mrs. E. M. Turner, 260 East Eleventh street, Portsmouth, Ohio, says: "Don's Kidney Pills have been used in the family with very satisfactory results. One of us suffered from weak kidneys and backaches. Don's Kidney Pills were used and they gave great relief."

"When Your Back Is Lame—Remember the Name." Don's Kidney Pills are a kidney remedy and are distributed by Don's Kidney Pills, the same that Mrs. Turner had the remedy backed by home testimony from all states. Foster-Milburn Co., Props., Buffalo, N. Y.

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest wisdom of all centuries, the struggle for the life of others, should have a better idea of helpful influences than those who flourish from observation. At any rate when a prospective grandmother knows her daughter to do as she also does to use "Mother's Friend" there is reason to believe it the right advice.

"Mother's Friend" is an extract application for expectant mothers. Its purpose is to furnish plenty to the mother, to take away the strain on the nerves and to relieve the tension of nerves and tenders so apt to produce or aggravate causes, morning sickness, belching of the food and so on. Although, in the nature of things, a woman would use "Mother's Friend" but rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been prepared by Dr. J. C. Williams, 400 Tenth Avenue, New York, and is sold by all druggists. For such a splendid remedy and the grateful letters received today are just an indication of the fact that it is a remedy to be used by all women. Ask at the drug store for a bottle of "Mother's Friend." It is worth while.

Angle Bars Placed On Rail, Passenger Train Hits Them

Officials of the N. & W. are making an investigation of the accident of unknown parties, who placed three angle bars on the main track near Rushtown, Thursday morning, and which almost caused the derailment of the engine, drawing passenger train No. 38, due here at 10:20 a. m. from Cincinnati. The engine tossed the angle bars to one side and escaped being derailed. The right side of the engine pilot was slightly damaged.

Just how the angle bars got on the track is not known and the N. & W. officials started an investigation Thursday that may lead to the detection of the guilty parties. They are inclined to look upon it as the work of boys in the vicinity of Rushtown. The scene of the near-derailment was just west of Rushtown where the passenger trains make about 25 miles an hour.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and brilliant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Tonic." This provides a lot of money. While wispy, gray, faded hair is not what you desire to retain your youthful appearance and attractiveness, by darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so easily. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
